Summary

Aspiring Java Backend Developer with strong proficiency in Core Java, a problem-solving mindset, and quick learning ability. Seeking an opportunity in a progressive and challenging organization to enhance my technical and analytical skills while contributing to its growth.

Education

B. Tech in Computer Science and Engineering

2021 - 2025

Vaageswari College of Engineering, JNTUH - **CGPA: 7.9/10**

Trinity Junior College

2019 - 2021

Board of Intermediate Education (MPC)- **96.8%**

Technical Skills

Languages

: Java, MySQL

Web Technologies

: HTML, CSS, JavaScript, Bootstrap

Integrated Development Environments

: VS Code, Eclipse, Github

Soft Skills

: Problem-solving skills, Time Management skills, Highly Adaptable & Quick Learner

Projects

CINEMATIC INSIGHTS – A TAILORED RECOMMENDATION SYSTEM FOR MOVIES

Dec 2024

- Developed a hybrid movie recommendation system using Java, JSP, HTML, CSS, JavaScript, and MySQL.
- Integrated Collaborative Filtering and Content-Based Filtering with tweet sentiment analysis to improve recommendation accuracy.

BLOCKCHAIN – BASED ONLINE EXAM SYSTEM

June 2025

- Designed a secure online examination system using Java, JSP, and MySQL integrated with Blockchain for tamper-proof result storage.
- Implemented decentralized data management to prevent cheating, hacking, and result manipulation, enhancing transparency and trust.

Personal Portfolio Website

May 2025

- Designed and improved a responsive personal portfolio website to showcase projects and skills using semantic HTML and modern CSS techniques.

Achievements & Certifications

- Achieved the **100 Days Coding Streak Badge** on LeetCode for solving DSA problems daily using efficient and innovative problem-solving techniques.
- Java Programming Certification – Udemy (2025)
